MIDAS SOLARTECH

Solar power, a bright idea

*SHAPING A SUSTAINABLE FUTURE WITH MIDAS SOLARTECH
HARNESS THE POWER OF THE SUN FOR CLEAN, AFFORDABLE
ENERGY YOUR PARTNER IN RELIABLE SOLAR SOLUTIONS,
TODAY AND BEYOND.*

ABOUT US

To transform the planet's energy system is our mission. In order to create a more sustainable and promising future for humanity, we are utilizing solar energy to capture the sun's abundant and renewable electricity.

- ✓ Cut down on your carbon footprint.
- ✓ Boost the value of your house or place of business
- ✓ Long-lasting and low maintenance

OUR SERVICES

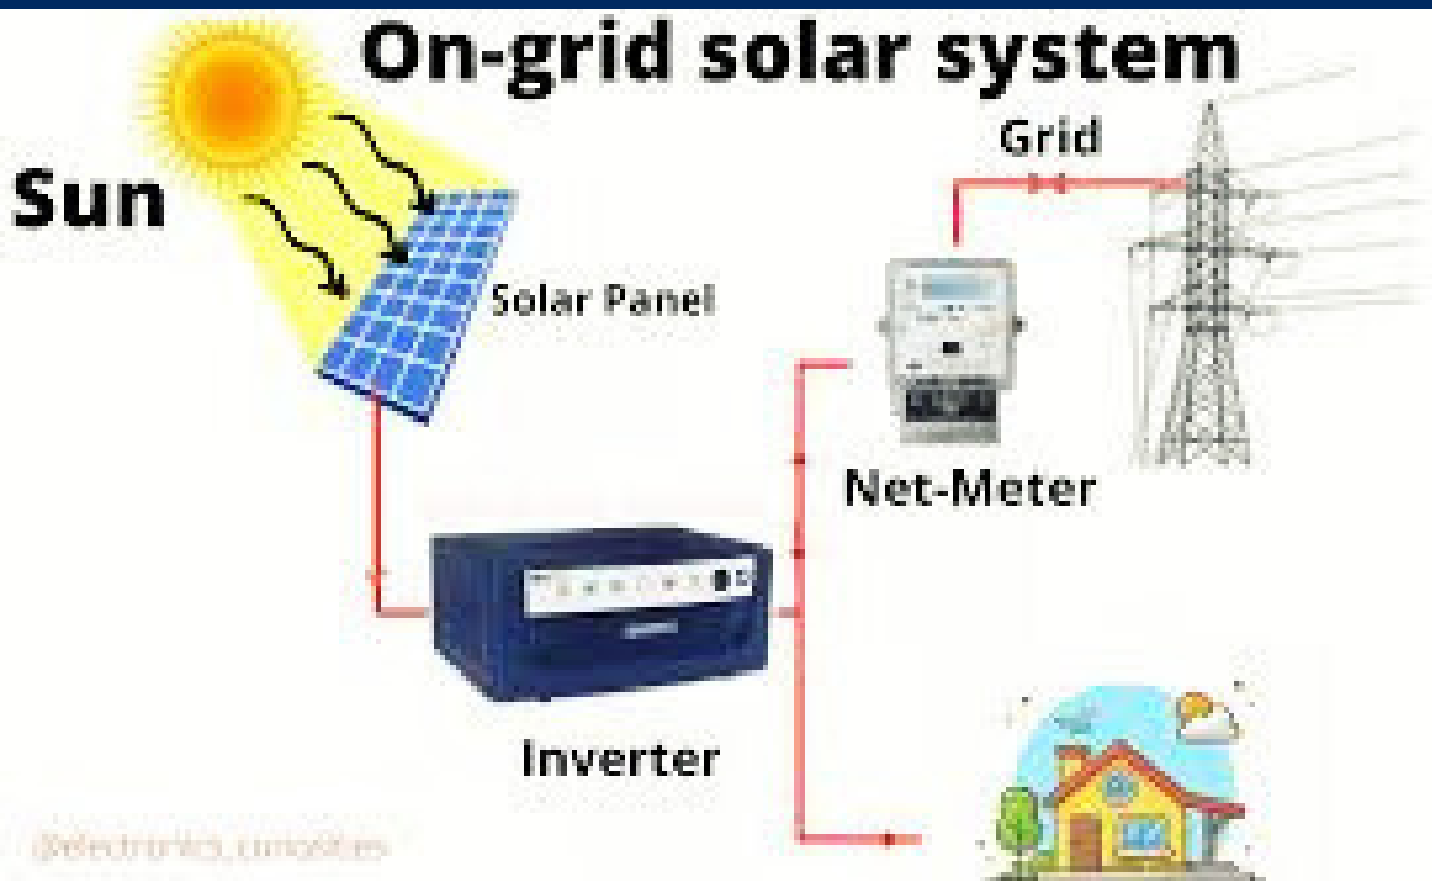

On-Grid Solar System:

A solar energy system connected to the utility grid, allowing for net metering and access to grid electricity when solar production is insufficient.

Hybrid Solar System:

A versatile solar energy system that combines on-grid and off-grid capabilities, utilizing both battery storage and grid connection for optimized energy management.

Trading Services

We specialize in trading high-quality solar products, including:

- Solar panels and inverters.
- Batteries and energy storage systems.
- Mounting structures and accessories.

Consultancy Services

Our expert team provides:

- Customized system design tailored to your needs.
- Financial analysis and feasibility studies for optimal ROI (Returns on Investment).
- Guidance on government incentives and subsidies for solar installations.

SUBSIDY SCHEME

Central Government Subsidy/Central Financial Assistance (CFA) is available exclusively to residential sector grid-connected rooftop solar projects. The details of the subsidy for residential consumers are provided below:

1	Plant Capacity	1	Applicable Subsidy
2	1kW – 2 kW *	2	30,000 to* 60,000/
3	2kW – 3 kW *	3	60,000 to* 78,000/
4	Above 3 kW *	4	78,000/- Fixed

FEATURES

- 25 YEARS PANEL WARRANTY 95%
- SAVINGS BILLING EXPENSES
- 5To10 Yrs Inverter Warranty
- 100% Gi Material Structure
